Welcome to the Mason County Livestock Show & Expo!

As President of the Mason County Livestock Show & Expo, it is my privilege to welcome you to this year's show. I look forward with great appreciation to this year's show and sale. Thank you to the show board of directors, leaders, families and especially the buyers and contributors that have supported our show for many years. What a great showing of support for our youth and future community leaders.

I am continually impressed, year after year, with the quality of the projects and most importantly our kids. However, times and trends do change, and we as an association continue to change while trying to keep the fundamental goals in place. We are excited to bring new elements and new kids to our show. A lot of effort and energy has been spent trying to ensure that we keep agriculture education a priority with our show. What our young exhibitors are learning today, through participating in our show, will impact the future generations. Keep up the good work!

Thanks again to all the volunteers, board members, premium buyers, award donors and participants. We can accomplish great things when we all work toward a common goal.

Please join me in celebrating our ag youth at the show.

Sincerely,

Cody Hatfield
President

Fastest Torch in Mason County

Entry Fee: \$5.00

Entry Deadline: TBD

Contest Date: Thursday, January 5, 2023 1:30 PM

The Fastest Torch in Mason County is a contest to showcase the skills of students in Mason County with a cutting torch. This essential metal fabrication skill is measured in a head to head competition between students with speed and accuracy to advance students to the next round in a tournament format.

Rules:

1. Read general rules and regulations.
2. Students/Adults participating in the contest will be paired by a drawing that will randomly place participants in a bracket that will remain the same for the entire show. Irregular numbers of participants may require the bracket to include some "bye" slots to be added to complete the bracket. One bracket will be for students and one bracket for adults. The winner of each age division will go head to head for overall champion.
3. Students/Adults will light their own torch, adjust the torch to a neutral flame, and make the required cut for that round.
4. Any attempt to force the cut to fall by any action other than gravity (tapping with torch, jarring the table, forcing with a hand, etc.) will result in that student being disqualified.
5. Safety equipment will be provided. Students/Adults choosing to use their own may do so. Two high cuff gloves, safety glasses, and a face shield must be worn while cutting. Long pants, closed toe shoes and a long-sleeved cotton shirt are also required.
6. If judges determine that a tip is dirty, both tips will be cleaned by contest officials prior to the next round. Equipment malfunctions that cause an unfair advantage to one contestant may result in a "re-ride" if judges deem it appropriate.
7. Metal to be cut will be provided by the contest.
8. Prior to making their cuts, students/adults will be permitted to arrange metal, hoses, and strikers on their own work table for their own comfort. Judge will announce "go" to begin cuts in each round. Cut lines will be pre-marked by the judges.

9. If during the contest a student/adult is called for and is not present for their turn, they will be eliminated and their competitor in that round will advance.
10. Decisions of the contest officials as they pertain to safety and details of the contest are final.
